

PROGRAMS

Language Plus Activities

Our Summer Programs enable international students ages 14 to 18 to improve their ability to speak English while experiencing the diversity of American culture first-hand. Summer programs run for two, three or four weeks during the month of July. The program consists of

20 English lessons per week (15 clock/hours), plus lab time and projects. Exciting, cultural and fun activities are provided in the afternoon and evenings during the weekdays and weekends. We offer a variety of on-campus events and off-campus field trips to places of interest such as museums, beaches, shopping malls, and favorite tourist sites.

The staff and faculty members in our programs are highly qualified, trained, friendly and accessible. Their experience and global mind-set provide students with an ideal environment for culture and language studies, and each student's progress is supervised and monitored with individual attention. We work with an average of 10 students per supervisor. Our innovative curriculum thrives in a small classroom environment where a low teacher-student ratio fosters more effective and personal interaction. We complement the classroom experience with supervised events, trips and social gatherings which can often be as meaningful and significant as what is learned in the classroom.

Language Plus Sports

Access to Language Studies offers tennis, golf, soccer, and basketball programs.

English lessons in the morning and sport instruction in the afternoon, 4 or 5 days a week, plus evening and weekend activities.

The program strengthens sportsmanship, gamesmanship, tolerance for hard work,

and enthusiasm for playing the game. Whatever the sport, the finest facilities and staff, and a superior instructional method, will take your game to a new level.

Private High School Placement

Access to Language Studies arranges opportunities for international students to attend private high schools in the US. Our schools are selected based on their quality standards and reputations. Host Families are carefully screened and selected. We also work with selected boarding schools throughout the United States.

San Diego State University

Quincy Market, Boston, MA

"I spent two weeks with Access to Language Studies in Boston. It's fantastic! I met people from all over the world and I improved my English. The place is very big and you can play a lot of different sports. The lessons were always interesting"
